

About Ionic Security

Ionic Security accelerates Internet trust by protecting and controlling data everywhere it travels and anywhere it resides, whether on the corporate network, in the cloud or on mobile devices. The industry's first high-assurance data protection and control platform, Ionic Security takes a comprehensive approach to protecting distributed data in today's borderless enterprise without proxies or gateways or changes in user behavior.

The platform has been licensed to millions of users worldwide in a wide range of industries including Financial Services, Public Sector, Retail, Healthcare, Enterprise Software and Manufacturing.

The company is headquartered in Atlanta, Georgia and is backed by leading firms including Amazon.com, Inc., Goldman Sachs, GV (formerly Google Ventures), Icon Ventures, Kleiner Perkins Caufield & Byers, Meritech Capital Partners, and TechOperators.
